Recognizing the artifice ways to get this book **ethical choices an introduction to moral philosophy with cases** is additionally useful. You have remained in right site to begin getting this info. acquire the ethical choices an introduction to moral philosophy with cases connect that we have enough money here and check out the link.

You could purchase guide ethical choices an introduction to moral philosophy with cases or get it as soon as feasible. You could quickly download this ethical choices an introduction to moral philosophy with cases after getting deal. So, when you require the ebook swiftly, you can straight get it. Its therefore unconditionally easy and appropriately fats, isnt it? You have to favor to in this freshen

**Ethical Choices**-Richard Burnor 2017 Ideal for students with little or no background in philosophy, Ethical Choices: An Introduction to Moral Philosophy with Cases, Second Edition,

provides a concise, balanced, and highly accessible introduction to ethics. Featuring an especially lucid and engaging writing style, the text surveys a wide range of ethical theories and perspectives including consequentialist ethics, deontological ethics, natural and virtue ethics, the ethics of care, and ethics and religion. Each

chapter includes compelling case studies that are carefully matched with the theoretical material. Many of these cases address issues that students can relate directly to their own lives: the drinking age, student credit card debt, zero tolerance policies, grade inflation, and video games. Other cases discuss current topics like living wills, obesity, human trafficking, torture "lite," universal health care, and just-war theory. The cases provide students with practice in addressing real-life moral choices, as well as opportunities to evaluate the usefulness and applicability of each ethical theory. Every case study concludes with a set of "Thought Questions" to guide students as they reflect upon the issues raised by that case.

**Ethical Choices**-Richard Burnor 2012-05-10  
Ideal for students with little or no background in philosophy, *Ethical Choices: An Introduction to Moral Philosophy with Cases* provides a concise, balanced, and highly accessible introduction to ethics. Featuring an especially lucid and

engaging writing style, the text surveys a wide range of ethical theories and perspectives including consequentialist ethics, deontological ethics, natural and virtue ethics, the ethics of care, and ethics and religion. Each chapter also includes compelling case studies that are carefully matched with the theoretical material.

**Moral Choices**-Scott Rae 2018-10-16 With its unique union of theory and application and its well-organized, easy-to-use design, *Moral Choices* has earned its place as the standard text for college ethics courses. This fourth edition offers extensive updates, revisions, and three brand new chapters all designed to help students develop a sound and current basis for making ethical decisions in today's complex postmodern

culture. Moral Choices outlines the distinctive elements of Christian ethics while avoiding undue dogmatism. The book also introduces other ethical systems and their key historical proponents, including Plato, Aristotle, Augustine, Thomas Aquinas, and Immanuel Kant. After describing a seven-step procedure for tackling ethical dilemmas, author Scott Rae uses case studies to address some of today's most pressing social issues. He guides students in thinking critically and biblically about issues, including: Abortion Reproductive Technologies Euthanasia Capital Punishment Sexual Ethics The Morality of War Genetic Technologies and Human Cloning Ethics and Economics NEW: Creation Care NEW: Animal Rights NEW: Gun-Control NEW: Race, Gender, and Diversity NEW: Immigration, Refugees, and Border Control FEATURES Relevant Case Studies throughout Discussion questions at the end of each chapter Sidebars with case studies for discussion Recommended further reading

**Moral Choices**-Scott Rae 2009-12-15 With its unique union of theory and application and its well-organized, easy-to-use design, Moral Choices has earned its place as the standard text for college ethics courses. This third edition offers extensive updates, revisions, and brand new material, all designed to help students develop a sound and current basis for making ethical decisions in today's complex postmodern culture. Moral Choices outlines the distinctive elements of Christian ethics while avoiding undue dogmatism. The book also introduces other ethical systems and their key proponents, including Plato, Aristotle, Augustine, Aquinas, and Kant. environmental ethics, and business ethics; new material on bioethics and on stem cell and embryo research; discussion questions at the end of each chapter; and sidebars with case studies.

**Introducing Christian Ethics**-Scott Rae

2016-08-16 Introducing Christian Ethics helps Christians form a sound basis for making ethical decisions in today's complex postmodern world. Raising 14 key ethical questions on today's most pressing issues including abortion, war, sexual ethics, capital punishment, and more, Scott Rae guides his readers in making moral choices wisely. Based on the best-selling college and seminary ethics textbook Moral Choices, this book distills nearly two decades of teaching and study into a succinct and user-friendly volume. It is an ideal primer for pastors, students, and everyday Christians who desire engagement with the world around them in an intelligent and informed manner. Teaching and study resources for the book, including additional video clips based on the questions corresponding to each

chapter, make it ideal for use in the classroom as well as for pastors and for teaching settings within the church. Resources are available through [www.ZondervanAcademic.com](http://www.ZondervanAcademic.com).

**Ethical Choices in Contemporary Medicine**-

Mary Ann Gardell Cutter 2014-12-05 "Ethical Choices in Contemporary Medicine" jettisons the standard medical ethics models of "rights" language and shows how the bioethical problems that receive attention from the media and the public are related to and are explicable in terms of the epistemological foundations of science and medicine. These epistemological concerns include how medical knowledge is established (scientific validity), how medical protocols are administered (checks and balances), how medical certainty is evaluated (probability) and medical responsibility is framed (personal or collective), and how medical knowledge is transmitted (popular media versus professional journals) and how medical care is allocated (insurance policies and government subsidies). The book examines

the present predicaments of medicine within a broad cultural context and suggests that rational discourse and parochial ethical dialogue may be futile in the face of competing and incommensurable frameworks and agendas, attitudes and wishes. The authors show that, in the postmodern age, two interrelated issues surface when it comes to medicine. On the one hand, there is a strong critique of science and the privileges associated with the scientific discourse and, on the other, there is still a deep-seated quest for certainty in all medical matters.

**Moral Choices**-Scott B. Rae 2000 This Christian introduction to ethics familiarizes both seminary and secular university students with basic processes of ethical decision making. This text, updated with a new chapter, tackles the ethical issues involved in genetic technologies.

**An Introduction to Ethics**-John Deigh  
2010-03-04 This book examines the central

questions of ethics through a study of the great ethical works of Western philosophy.

**Ethical Decision Making: Introduction to Cases and Concepts in Ethics**-Lisa Newton  
2014-07-08 This short introduction to the discipline of Ethics in its practical and professional applications teaches, in simplest form, the discipline's vocabulary and forms of reasoning. It includes illustrative cases, clear explanations of philosophical terminology, and presents decision procedures appropriate to a hierarchy of cases. It is meant to be a foundation for elementary work in Ethics.

**Ethical Dimensions in the Health Professions - E-Book**-Ruth B. Purtilo  
2013-12-27 Ideal for all health care professionals, Ethical Dimensions in the Health Professions, 5th Edition provides a solid foundation in basic ethical theory, the terms and concepts of ethics, and current ethical issues. Expert authors Ruth

Purtilo and Regina Doherty outline a unique 6-step decision-making process as a guide to making effective choices that lead to a professional and caring response to patients. They also suggest practical approaches to commonly encountered clinical issues such as confidentiality, informed consent, information sharing, and end-of-life care. With this book, you will develop the skills you need to recognize, understand, and resolve ethical problems. Unique! 6-step process of ethical decision-making provides an organizing framework for the steps to take in arriving at an ethical decision. Step 1: Gather relevant information Step 2: Identify the type of ethical problem Step 3: Analyze the problem using ethics theories or approaches Step 4: Explore the practical alternatives Step 5: Act Step 6: Evaluate the process and outcome Patient stories begin each chapter with an ethical dilemma and frame the rest of the chapter, tying abstract principles to real-life situations and demonstrating the ethical decision-making process for each story. Content on end-of-life care shows how to develop a caring

response toward dying patients and identifies basic ethical concepts applying to patients with life-threatening conditions. Unique! More than 100 Reflection boxes indicate important concepts and include space to jot down thoughts. HIPAA and patient confidentiality information covers current laws and addresses what types of information are appropriate and inappropriate to include in the patient's medical record. Questions for thought and discussion help you apply the ethical decision-making process to different situations. Unique! Over 80 summary boxes offer a quick review of the important information in each section. Unique! New coverage of biotechnology addresses the professional's role relating to environmental responsibility and the ecological costs of various health care interventions. Unique! New content on the intersection of technology and ethics describes the impact of advances in medical technology in rehabilitative care, and helps you face difficult conversations where you must offer hope while presenting realistic outcomes. Unique! New content on terrorism and disaster planning

describes the ethical dilemmas professionals face in preventing terrorism and planning for disasters. New topics on the ethical decision-making process include the concepts of care, distinguishing ethical reasoning as a distinct part of your clinical reasoning and professional judgment, and attention to caregivers. New coauthor Regina Doherty, an occupational therapist, adds expertise and an OT perspective.

**Ethical Choices**-Richard Burnor 2021 "Ideal for students with little or no background in philosophy, *Ethical Choices: An Introduction to Moral Philosophy with Cases* provides a concise, balanced, and highly accessible introduction to ethics. Featuring an especially lucid and engaging writing style, the text surveys a wide range of ethical theories and perspectives including consequentialist ethics, deontological ethics, natural and virtue ethics, the ethics of care, and ethics and religion"--

**Ethical Choices in Research**-Harris M. Cooper 2016 Many books discuss the ethical treatment of human subjects in behavioral research, yet few talk about the equally important ethical issues that arise when the data are being analyzed and the study is being written up. All researchers need to be aware of their professional responsibilities and make sound choices after the subjects have left. This practical and easy-to-follow guide walks readers through often overlooked decision points in the research process. Drawing from his extensive experience as a teacher of research methods and a senior editorial advisor, and from well-established standards of practice -- including the APA Ethics Code -- Harris Cooper is the ideal mentor in this process. Readers of this book will learn how to: Collect and manage data in a way that does not compromise the confidentiality of subjects Avoid data fraud and misleading data analysis Assign research responsibilities and authorships to team members Avoid committing plagiarism and intellectual theft Navigate the journal submission and publication process Post-publication ethical

considerations are also addressed, including researchers' obligations when communicating their findings to the media and the general public, and when engaging with the scientific community as a peer reviewer.

**Managing Business Ethics**-Alfred A. Marcus  
2019-12-19 *Managing Business Ethics: Making Ethical Decisions* teaches students how to navigate ethical issues they will encounter using the weight-of-reasons approach applied throughout the book. This decision-making framework's goal is not to faithfully apply particular philosophical perspectives on what is right, but rather to solve ethical problems. Authors Alfred A. Marcus and Timothy J. Hargrave underscore the need for employees at all levels to carefully consider the ethical implications of their actions using this approach and it can be applied at the individual, organizational, and stakeholder levels. Each chapter provides a case to walk through application of the framework and mini-cases

allow students to practice applying this framework on their own. A wide range of real-world case studies are presented, featuring companies such as Facebook, Google, Wells Fargo, Volkswagen, and Amazon. This practical, down-to-earth text also delves into topics not covered extensively by other books such as slow and fast thinking, the inherent conflict between the individual and organization, conformity, and the difficulties of speaking truth to power. Students are offered ample opportunity to engage in thoughtful reflection, discussion, and application as they grapple with ethical issues big and small.

**How Good People Make Tough Choices Rev Ed**-Rushworth M. Kidder 2009-11-24 Should you take a much-needed vacation or save money for the kids' education? Protect the endangered owl or maintain jobs for loggers? Have a heart-to-heart with a lying employee or fire him on the spot? All of us face ethical choices. Sometimes they're easy: One side is wrong and the other is

right. But how do we handle the really tough "right vs. right" dilemmas, where each side has strong moral arguments and we can't do both? This book helps us build Ethical Fitness®—a values-based decision-making process so definitive that it's now a registered trade mark. Rushworth M. Kidder, founder of the Institute for Global Ethics, teaches us how to think for ourselves in order to resolve ethical dilemmas ranging from the intimately personal to the broadly philosophical. Unique in its approach and rich with illustrative anecdotes—updated with examples of real-world conflicts from today's political realm and from Dr. Kidder's own observations—How Good People Make Tough Choices is an indispensable resource for spotting, understanding, and resolving our toughest decisions.

**Making Moral Choices**-Mark C. Miller 1995 A summary of how and why people make moral choices, this book offers ethical theory (because good theories offer a framework for making

decisions) complemented by personal experience.

**Managing Business Ethics**-Linda K. Trevino 2016-09-13 TRY (FREE for 14 days), OR RENT this title: [www.wileystudentchoice.com](http://www.wileystudentchoice.com) Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world—managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior

executives.

**Ethics and Decision Making in Counseling and Psychotherapy, Fourth Edition**-Robert Rocco Cottone, PhD 2016-03-24 Focuses on the nuances of ethical and legal standards across disciplines Completely revised and updated to reflect the new 2014 ACA Code of Ethics and current ethics codes in psychology, social work, and marriage and family therapy. This unparalleled text guides helping professionals in the use of ethical decision-making processes as the foundation for ethical approaches to counseling and psychotherapy. The book focuses on ethical and legal challenges and standards across multiple professions emphasizing counseling, and including the professions of psychology, social work, and marriage and family therapy. It not only identifies relevant ethical issues in clinical mental health, rehabilitation, group, school, addictions counseling, and career counseling, it also addresses couple and family therapy, clinical supervision, and forensics. The

text illuminates the particular application of ethical standards within each specialty. The book features five new sections that clearly define how ethical standards are interpreted and applied: Privacy, Confidentiality, and Privileged Communication; Informed Consent; Roles and Relationships with Clients; Professional Responsibility; and Counselor Competency. Under the umbrella of each broad topic, the particular nuances of ethical standards within each specialty are analyzed to facilitate comparison across all specialties and settings. The text also addresses current issues in office and administrative practices, technology, and forensic practice that are crucial to school, clinical, and private practice settings. Compelling case studies illustrate the connection between ethical decision-making models and ethical practice. Learning objectives, a comprehensive review of scholarly literature, and a robust ancillary package for educators contribute to the fourth edition's value for use in upper-level undergraduate and graduate classrooms. New to the Fourth Edition: Comprehensive

reorganization and reconceptualization of content Reflects new 2014 ACA Code of Ethics Includes five new chapters on Privacy, Confidentiality, and Privileged Communication; Informed Consent; Roles and Relationships with Clients; Professional Responsibility; and Counselor Competency. Emphasizes specialty practice organized by professional standards Facilitates comparison of standards across disciplines Addresses new issues in office, administrative, technology, and forensic practice Key Features: Delivers an unequalled overview of ethical decision-making in counseling and psychotherapy Defines how ethical standards are interpreted and applied in specialty practice Describes how to avoid, address, and solve serious ethical and legal dilemmas Includes learning objectives, case studies, and scholarly literature reviews Offers robust ancillary package with Instructor's Manual, Test Bank, and Power Point Slides

### **Brooks/Cole Empowerment Series: Ethical**

**Decisions for Social Work Practice**-Ralph Dolgoff 2012-07-24 Part of the Brooks/Cole Empowerment Series, this ninth edition integrates the core competencies and practice behaviors outlined in the 2008 Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE). This classic text helps students recognize ethical issues and dilemmas, reason carefully about ethical issues, clarify their ethical aspirations at the level demanded by the profession, and achieve a more ethical stance in their practice. It places ethical decision making within the context of professional ethics and provides useful guidelines, including two ethical screens to help social work practitioners identify priorities among competing ethical obligations. Developed specifically for social workers, it features numerous case-like exemplars based on real-world practice, drawn from a variety of social work settings. This comprehensive and uniquely focused text is equally effective as a core resource for social work ethics courses, or as a valuable supplement within introductory,

practice, or practicum courses. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Christian Ethics and Moral Philosophy**-Craig A. Boyd 2018-11-06 This introductory textbook presents Christian philosophical and theological approaches to ethics. Combining their expertise in philosophy and theology, the authors explain the beliefs, values, and practices of various Christian ethical viewpoints, addressing biblical teachings as well as traditional ethical theories that contribute to informed moral decision-making. Each chapter begins with Words to Watch and includes a relevant case study on a vexing ethical issue, such as caring for the environment, human sexuality, abortion, capital punishment, war, and euthanasia. End-of-chapter reflection questions, illustrations, and additional information tables are also included.

**Clinical Ethics, 8th Edition**-Albert R. Jonsen 2015-06-22 The most trusted and reader-friendly guide on how to make the right decisions when facing ethical issues in clinical practice Clinical Ethics teaches healthcare providers how to effectively identify, evaluate, and resolve ethical issues in clinical medicine. Using the author's acclaimed "four box" approach and numerous illustrative case examples, the book enables practitioners to gain a better understanding of the complexities involved in ethical cases and demonstrates how to find a solution for each case study. Clinical Ethics goes beyond theory to offer a solid decision-making strategy applicable to real-world practice. Readers will learn an easy-to-apply system based on simple questions about medical indications, patient preferences, quality of life, and contextual features that clearly explain clinical ethics and help them formulate a sound diagnosis and treatment strategy. The case examples have been especially selected to demonstrate how principles apply to everyday practice. The eighth edition has been extensively revised to reflect the latest challenges, such as

Downloaded from

the those involving medical data, legal issues, the unrepresented patient, and problems of continuity and discharge

**An Introduction to Moral Philosophy**-Wolff, Jonathan 2020-09-01 From respected philosopher and writer Jonathan Wolff, this brief introduction to ethics stimulates independent thought, emphasizes real-world examples, and provides clear and engaging introductions to key moral theories and the thinkers behind them. The new Second Edition offers expanded coverage of moral reasoning, as well as two thoughtful and contemporary new chapters on applying moral philosophy and the ethics of race. A companion primary source collection, Readings in Moral Philosophy, amplifies issues discussed in the text, connecting them to problems in applied ethics.

**The Immortal Life of Henrietta Lacks**-Rebecca Skloot 2010-02-02 #1 NEW YORK TIMES BESTSELLER • “The story of modern

medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the

decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

**Guide to Ethics and Moral Philosophy**-Brent Adkins 2017-03-09 Brent Adkins traces the history of ethics and morality by examining six thinkers: Aristotle, Spinoza, Kant, Mill, Nietzsche and Levinas. The book is divided into 3 sections - Ethics, Morality and Beyond. Two thinkers are paired in each section to show you how the important questions of moral philosophy have been answered so that you might better answer them for yourself. You'll learn what the

philosophers actually said about how to live the best kind of life and, more importantly, why.

**Ethical Decision-Making**-Patricia A. Mitchell  
2019-07-29 This text provides a unique collection of case studies across a wide range of organizations (higher education, K-12 education, military, state and local government administration, non-profit institutions, and agency management, etc.). These cases examine ethical decision-making and organizational and leadership behavioral concepts that are practiced in these organizations. The cases cover topics facing our workforce today and ask the reader to solve the dilemma. Through a discussion of these cases, students apply decision making and organizational and leadership strategies to analyze each case and therefore gain a better understanding of how to effectively lead and manage within their organizations. This text challenges students to think critically and analytically. Students are encouraged to reflect on options a practitioner could use to solve the

problem. All of the cases end with an open scenario and a set of questions, allowing students to offer a wide range of opinions and participate in reflective and robust discussions.

**Society's Choices**-Institute of Medicine  
1995-03-27 Breakthroughs in biomedicine often lead to new life-giving treatments but may also raise troubling, even life-and-death, quandaries. Society's Choices discusses ways for people to handle today's bioethics issues in the context of America's unique history and culture--and from the perspectives of various interest groups. The book explores how Americans have grappled with specific aspects of bioethics through commission deliberations, programs by organizations, and other mechanisms and identifies criteria for evaluating the outcomes of these efforts. The committee offers recommendations on the role of government and professional societies, the function of commissions and institutional review boards, and bioethics in health professional education and research. The volume includes a

series of 12 superb background papers on public moral discourse, mechanisms for handling social and ethical dilemmas, and other specific areas of controversy by well-known experts Ronald Bayer, Martin Benjamin, Dan W. Brock, Baruch A. Brody, H. Alta Charo, Lawrence Gostin, Bradford H. Gray, Kathi E. Hanna, Elizabeth Heitman, Thomas Nagel, Steven Shapin, and Charles M. Swezey.

**Digital Tools for Qualitative Research**—Trena Paulus 2013-12-06 Digital Tools for Qualitative Research shows how the research process in its entirety can be supported by technology tools in ways that can save time and add robustness and depth to qualitative work. It addresses the use of a variety of tools (many of which may already be familiar to you) to support every phase of the research process, providing practical case studies taken from real world research. The text shows you how to select and use technology tools to: engage in reflexivity collaborate with other researchers and stakeholders manage your

project do your literature review generate and manage your data transcribe and analyse textual, audio and visual data and represent and share your findings. The book also considers important ethical issues surrounding the use of various technologies in each chapter. On the companion website, you'll find lots of additional resources including video tutorials and activities. Whether you're a novice or expert social researcher, this book will inspire you to think creatively about how to approach your research project and get the most out of the huge range of tools available to you. Available with Perusall—an eBook that makes it easier to prepare for class Perusall is an award-winning eBook platform featuring social annotation tools that allow students and instructors to collaboratively mark up and discuss their SAGE textbook. Backed by research and supported by technological innovations developed at Harvard University, this process of learning through collaborative annotation keeps your students engaged and makes teaching easier and more effective. Learn more.

**The Ethical Line**-Toni Faddis 2019-05-22 Be the leader your school community needs. The responsibilities of today's school leaders—providing a world-class education while serving as the moral compass of diverse communities—requires deep insight and understanding of communities, cultures and integrity. In this book, real-life vignettes, mental exercises, reflections, checklists, and other templates provide you with practical strategies to: Understand how ethical standards and core values drive your leadership choices Approach problems through the lenses of equity, ethical standards, and your own moral compass Recognize when urgent action is called for and when it's better to methodically consider your actions and their consequences

**Meeting the Ethical Challenges of Leadership**-Craig E. Johnson 2017-01-10 Ethics is at the heart of leadership. All leaders assume ethical burdens and must make every effort to

make informed ethical decisions and foster ethical behavior among followers. The Sixth Edition of Meeting the Ethical Challenges of Leadership: Casting Light or Shadow explores the ethical demands of leadership and the dark side of leadership. Author Craig E. Johnson takes a multidisciplinary approach to leadership ethics, drawing from many fields of research to help readers make moral decisions, lead in a moral manner, and create an ethical culture. Packed with real-world case studies, examples, self-assessments, and applications, this fully-updated new edition is designed to increase students' ethical competence and leadership abilities.

**Ethics in Action**-Jane Ann McLachlan 2009-02-27 This reader-friendly and interactive text offers a combination of ethical theory and practical application in the form of discussions and exercises geared to the major social and global ethical issues facing Canadians today. It encourages self-reflection by asking questions and leaving space for answers within the text,

and through worksheets for you to fill out.

**Making Ethical Decisions**-Michael S. Josephson 1996

**Clinical Ethics**-Albert R. Jonsen 1992 Clinical Ethics introduces the four-topics method of approaching ethical problems (i.e., medical indications, patient preferences, quality of life, and contextual features). Each of the four chapters represents one of the topics. In each chapter, the authors discuss cases and provide comments and recommendations. The four-topics method is an organizational process by which clinicians can begin to understand the complexities involved in ethical cases and can proceed to find a solution for each case.

**Classical Ethics: East and West**-Robert Zeuschner 2000-06-23 This text combines discussions of major classical Western

philosophical ethical systems (primarily Greek and Judeo-Christian) and, in equal depth, discussions of three non-Western ethical traditions (Indian Buddhist, Chinese Confucian, and Chinese Taoist) in a multi-cultural historical framework.

**Ethical Decision-Making in School Mental Health**-James C. Raines 2021-04 "Knowing yourself and your responsibilities requires understanding your ethical assumptions and frameworks. This chapter identifies four major ethical theories that inform professional codes of ethics, including deontology, consequentialism, ethics of care, and virtue ethics. It also provides a typology for the mental health professional's use of self that includes (1) negative underinvolvement, (2) positive underinvolvement, (3) positive overinvolvement, and (4) negative overinvolvement. It ties each of these positions to the use of a hierarchy of professional influence, ranging from persuasion, leverage, inducement, and threat, to compulsion"--

**The Righteous Mind**-Jonathan Haidt 2013  
Presents a groundbreaking investigation into the origins of morality at the core of religion and politics, offering scholarly insight into the motivations behind cultural clashes that are polarizing America.

**Ethical Dilemmas in Psychotherapy**-Samuel Knapp 2015 New and experienced psychotherapists alike can find themselves overwhelmed by an ethical quandary where there doesn't seem to be an easy solution. This book presents positive ethics as a means to overcome such ethical challenges. The positive approach focuses on not just avoiding negative consequences, but reaching the best possible outcomes for both the psychotherapist and the client. The authors outline a clear decision-making process that is based on three practical strategies: the ethics acculturation model to help therapists incorporate personal ethics into their

professional roles, the quality enhancement model for dealing with high-risk patients who are potentially harmful, and ethical choice-making strategies to make the most ethical decision in a situation where two ethical principles conflict. Throughout the decision-making process, psychotherapists are encouraged to follow four basic guidelines: Focus on overarching ethical principles Consider intuitive, emotional, and other nonrational factors Accept that some problems have elusive solutions Solicit input from colleagues and consultation groups Numerous vignettes illustrate how to apply positive ethics to many different ethical challenges that psychotherapists will likely encounter in practice.

**Looseleaf for Thinking Critically About Ethical Issues**-Vincent Ryan Ruggiero  
2019-02-05 Thinking Critically About Ethical Issues encourages students to reason out for themselves the best answers to moral problems, rather than providing neat answers for students

to swallow and regurgitate. Striking a balance between the theoretical and the practical, Ruggiero's text discusses the history of ethics, but its focus is on doing ethics to promote the development of critical thinking skills and to help students acquire confidence in their own judgement. The short chapter length allows students to spend less time reading and more time doing ethical analysis.

**An Introduction to Biblical Ethics**-Robertson McQuilkin 2013-03-25 What should we do or not do? This comprehensive text on biblical ethics is completely revised, focusing on how we fulfill the purposes of God for our lives. New content includes discussions of living virtuously, ethical alternatives, bioethical issues, technology, helping the poor, animal rights, sexual ethics,

and the media.

**Doing Ethics**-Lewis Vaughn 2013-08-15 The most accessible and practical introduction to ethical theory, moral issues, and moral reasoning. Doing Ethics emphasizes that moral decision-making is an active process?something one does. It provides students with the theoretical and logical tools that a morally mature person must bring to that process, and it offers an abundance of readings and case studies for consideration and discussion. Real-world relevance and practical pedagogy have made Doing Ethics a leading book in the field.
